REWARDES AND ACCOMPLISHMENT

African girls in tech, Founder and Blogger

December 2021-Present

I currently run a Facebook page and a Tiktok page called African girls in tech (AGIT) where I encourage girls to dive into the world of tech and also share some tips to ease their coding journey

Volunteer Tutor,

Douala, 15/04/2022 – 25/05/2022

Tutored 10 students in small groups in HTML, CSS, and JavaScript

In 2018,

My team and I won a competition called KIBISU in Yaoundé whose aim was to promote and encourage young girls towards technology

PAST PROJECTS

To view my past work, here is my GitHub account. <https://github.com/tiwagt>

A website for a very popular TV channel in Cameroon where visitors can watch the TV channel live and they can subscribe to their newsletter to be updated <https://afriquemedia.tv/>

A blog application created using React where the user can create and edit posts <https://blog-app-lake-omega.vercel.app/>
